

Start-up Business Loans available to select Zanesville Residents through the 2010 Micro-Enterprise Business Development Program.

MCBI will assist individuals in the development of their business plans by providing education of basic business needs. A three hour orientation and workshop will be available to inform applicants of this process. The meeting will take place Thursday January 21st from 5:30-8:00 at the MCBI Offices.

The workshops will include defining a business plan and the importance of the working document, getting your plan started, marketing, management & non-financial benefits, developing your financials, finalizing and polishing your plan, presenting your idea to investors, and one on one counseling sessions will be provided. MCBI Executive Director Carol Humphreys states that she is very excited about the opportunity to assist young businesses with a non-traditional funding source. "The funding available is perfect for a small business in need of equipment such as a computer, computer software or business services", Humphreys said.

Loan Process

Loan structure policies will limit loan applications to a \$5,000 maximum. Applicants will be considered for loan review by the Micro-Loan Committee and must complete the MCBI Training and Technical Assistance Program. Applicants must reside within the Zanesville City limits.
